

As a parent of 7, finding a place where my children feel safe, supported, and genuinely cared for means everything to me. From the very first day, Makeova Ministries exceeded my expectations. The staff took the time to truly get to know my children — not just their needs, but their strengths, personality, and potential.

I've watched my children grow in confidence, improve socially and emotionally, and develop positive habits that carry over into our home life. The consistency, patience, and encouragement shown by the team have made a lasting impact on our family. I always feel informed, respected, and reassured knowing my children are in such capable hands.

This program has been a blessing to our family, and I'm incredibly grateful for the dedication and compassion they show every single day. I would wholeheartedly recommend this youth service to any parent looking for a nurturing, trustworthy environment for their child.
